## FALCONS (PAPERBACK)

Northword Press,U.S., United States, 2005. Paperback. Condition: New. Language: English . Brand New Book. Grade 3-5-These three titles are graced with eye-catching, full-color photos and illustrations. All three have Fun Fact sidebars interspersed throughout and lists of numerous Internet sites for further reference, but no further-reading recommendations. Clear texts provide information on physiology, life cycles, diet and hunting techniques, as well as habitats and family life. Vultures offers data on a global variety of species, while Falcons and Owls concentrate on the species found in North America. Falcons is more detailed than Deborah Kops s Falcons (Gale, 2000), while Vultures is similar to Mark J. Rauzon s Vultures (Watts, 1997). Owls is far less informative than Helen Roney Sattler s rich The Book of North American Owls (Clarion, 1995).-Patricia Manning, formerly at Eastchester Public Library, NY--School Library Journal.
