CRACK-UP: A PSYCHOLOGICAL THRILLER (PAPERBACK)

Createspace, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Argus Ward is a former U.S. Secret Service agent who runs a protection agency catering to the rich and famous. His best-kept secret--which he shares with lawyers and doctors and even psychiatrists--is his status as a high-functioning paranoid schizophrenic. One day, with little warning, he turns psychotic for the first time in twenty years. He lands in a secure psychiatric facility, charged with the murder of his most famous client, high tech industry billionaire John Helms, the wealthiest man in America. Argus has no memory of the killing. A blood test suggests to him that some unknown enemy had switched his anti-psychotic medication with identical-looking dummy pills to purposely drive him insane. A sign of lingering paranoia? His doctor thinks so. Even his wife. Yet Argus escapes incarceration to prove his theory. With the law on his trail and a ticking time bomb in his head--due to a lack of medication--he discovers that his disease had been weaponized by a powerful group to secretly assassinate John Helms as part of a multiple assassination conspiracy of world-wide significance. Or has Argus simply lost his mind again? What in the end is real and what is only imagination in his story? And what is justice for the criminally insane?.
