Reviews

This written book is excellent. It typically is not going to price a lot of. I found out this book from my dad and i encouraged this book to discover.

(Darrin Abbott)

GARDEN OF SILICA (PAPERBACK)

Salt Publishing, United Kingdom, 2010. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Garden of Silica is the first poetry anthology of the Uruguayan Ida Vitale to appear in English, spanning eight books published from 1960 to the present. Vitale is one of the fundamental voices of Latin American literature, and her work also encompasses essays, short stories, journalism, and translation. She belongs to Uruguay's Critical Generation of the 1940s, whose mission was the construction of a participative intellectual subject. Vitale's poetry illustrates the incompatibility of the construction of that intellectual subject and realism. It is not the case of an idealist aesthetic that denies the existence of objective reality or offers only a testimony of individuality. Rather, these texts seek a balance between subjectivity and objectivity, and accordingly the private and the public. In addition, with a revealing gesture of feminist undertones, intellectual capacity is privileged above that of sentimentality. As a result, Vitale's message is implicit, requiring an active reader, one involved in the very process of creation. Placing the intellectual subject at the forefront, and thus relegating the national and the feminine to a second plane, Ida Vitale's poetry offers one of the most profound and provocative representations of women's subjectivity in the Spanish language.
