Cyber War I

By Ed Mahoney

Lobo Media Ltd. Paperback. Condition: New. Dimensions: 9.0in. x 6.0in. x 0.8in.There is money in cybercrime, yet the stakes are higher in cyberwar, where nation-states battle to cripple their foes capacity to operate in the information age. In Cyber War I, Iran launches a six-day cyberwar against the West to level the playing field of technology powers. Rob Warner feels he is at the end of his career. He knows he has a great job, but hes ready to retire. The work isnt as fun as when he was technical. Reluctantly, Rob finds himself in the middle of the action, and in a position to stop the pending destruction. If hes willing to sacrifice his career, jeopardize his retirement, and put his life in harms way, then he can lead his team of security analysts and forensics experts to counter-attack and save his country from devolving back to the digital stone age. Cyber War I marries a high-tech thriller with a primer on computer security in this authors debut novel. From his vivid description of the raised floor in a data center, to detailing a ransomware attack, Ed interprets this complex world for his readers. His authentic characters display their...

Reviews

This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You wont feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).
-- Prof. Kirk Cruickshank DDS

This kind of book is every little thing and taught me to looking ahead of time and a lot more. I am quite late in start reading this one, but better then never. I found out this book from my dad and i encouraged this pdf to find out.
