Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Tales the Eskimos Tell Tales the eskimos tell is a very delight ful group of stories. Usually, once upon a time stories tell us about peoples, things, and habits of thought of a bygone age. But in this book are contained many tales which the Eskimos tell today, and in which many of them believe. Are they true? Well, who knows? Eskimos are hunters and fishermen. Their once upon a time stories, therefore, contain many wonderful ideas about animals and birds, and about prophets and guardian angels. Even yet the Eskimo people tell the story of the angekok who gave them the trout, and they will show you the stripe that runs along its side. This stripe, they will tell you, is the seam Where the folds of the seaweed met when the angekok wrapped it around the poor wet fish. Visitors to the Arctic region tell us that the Eskimos are the happiest people in the world. They laugh as much in a month as we do in a year. We have no desire (the majority of us at any rate) to live within the Arctic Circle. The Eskimos have no desire to live anywhere else, and when they are forced to leave their native land, they are very unhappy until they return. While conditions in our part of the world are constantly changing, many Eskimos of today live, think, and act as their grand fathers, their great grandfathers, and great-great grand fathers did many years ago.
