Greyscale colouring is fast becoming the favourite way to colour. With true to life images, high-or-lowlighted in all the shaded or non-shaded areas, and no restraining outlines, greyscale colouring allows the colourists of today to produce realistic, beautiful pieces of artwork ready for display. All of the designs in this colouring book have been specially selected with greyscale colourists in mind, no matter their ability. To bring these modern-life-inspired women to life, its recommended to use colours that match the shaded areas in depth-dark colours for the darker tones, lighter colours for the lighter tones, and medium shades for the tones in between. Give it a try: Set their hair aflame, spark their eyes alight, and awake their personalities. This item ships from La Vergne,TN. Paperback.
