RIGHTS VS RESPONSIBILITY: RECONCILING OUR RIGHTS WITH OUR RESPONSIBILITY (PAPERBACK)

William P. Nitardy, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. We are rejecting truth and destroying America by: Entitling positive rights while liberating us from responsibility Promoting evil missions by good-sounding euphemistic misrepresentations Calling evil good and good evil These concerns and others will be addressed in this expose to facilitate our liberation from evil philosophies and false narratives. As Americans we have been given a birthright to transcend the fetters forced upon populations for millennia and become citizens rather than subjects. This liberty given to us by God has made America great and has allowed us to promote freedom of thought, speech and our doctrinal religion of Christianity upon which America was founded. However, we have chosen to stretch that God given liberty into self-serving license that goes beyond what is moral, right and just. We have changed our constitutional negative rights into unconstitutional positive rights. We have given special sacred cow status to various groups and censored citizen s ability to openly criticize those groups. We are in open hostility against the religion upon which America was founded. You will find that this book addresses these issues boldly and does not compromise the truth to accommodate political correctness or bow to the sacred cows.
