GREAT INVENTIONS AND DISCOVERIES (CLASSIC REPRINT) (HARDBACK)

Forgotten Books, 2017. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Great Inventions and Discoveries Different nations have accomplished different things and have scattered the seeds of these accomplishments among other nations. Certain individuals have seen farther in certain directions than their fellows and have contributed to civilization the results of their vision. Whoever has added to the safety, the happiness, the power, or the convenience of society; whoever discovers a star or a microbe; whoever paints a picture or plants a tree, builds a bridge or fights a righteous battle; whoever makes two ears of corn grow where there grew but one before; whoever lets the light shine in upon a darkened street or a darkened spirit is an agent of civilization. The history of civilization is largely a history of man s struggle against the forces of nature and of his victory over them. Nature is always saying to man, Thou shalt not; and man is always replying, I will. If diseases lurk in air and water, cures are ready in the mind of man. Nature shoves men apart with lofty mountains; but man drives his iron horse over the mountains or through them. Vast oceans roll and mighty winds blow between continents; but steam laughs at stormy seas. The moon s light is not sufficient for man s purposes and he makes a brighter one. When winter blows his icy breath. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
