I m an FPS alumni who is just starting my freshmen year at a university. FPS, throughout my high school years, was an amazing experience that helped shape my way of thinking about global issues. In my time with FPS, I participated in GIPS, CmPS, and Scenario Writing. The great times I had and friendships I made are inexpressible. FPSers creative thinking always amazes me. Scenarios envelop me in their own little worlds in a mere 1500 words. They make me feel for their characters, they share with me hope and loss, and they make me think about the future in different ways. CmPS teams make me remember there is hope for our generation after all. The passion and brilliance demonstrated by these people is beyond words. These people are truly amazing. No matter if you end up qualifying for internationals or not, Future Problem Solvers will help you grow. You will learn to communicate better, share your ideas, and problem solve. You will meet and befriend awesome people, and will likely cherish memories from FPS for the rest of your life. So yay! I m so glad you re interested in scenario writing! In this book, I ll do my best to tell you all about what to do and not to do to write a winning scenario. I ll also share my two scenarios that made it to the international level, and give you as much guidance...
