

The Other Side of Normal: How Biology Is Providing the Clues to Unlock the Secrets of Normal and Abnormal Behavior (Hardback)

By Jordan Smoller

William Morrow Company, United States, 2012. Hardback. Condition: New. Language: English . Brand New Book. In this enthralling work of popular science, respected Harvard psychiatrist Jordan Smoller addresses one of humankind's most enduring and perplexing questions: What does it mean to be normal? In *The Other Side of Normal*, Smoller explores the biological component of normalcy, revealing the hidden side of our everyday behaviors--why we love what we love and fear what we fear. Other bestselling works of neurobiology and the mind have focused on mental illness and abnormal behaviors--like the Oliver Sacks classic, *The Man Who Mistook His Wife for a Hat*--but *The Other Side of Normal* is an eye-opening, thought-provoking, utterly fascinating and totally accessible exploration of the universals of human experience. It will change forever our understanding of who we are and what makes us that way.
