Brand New Book ***** Print on Demand *****.Mallory, who among other things was a time-thief, re-materialized the time-space boat Yore in the eastern section of a secluded valley in ancient Britain and typed CASTLE, EARLY SIXTH-CENTURY on the lumillusion panel. Then he stepped over to the control-room telewindow and studied the three-dimensional screen. The hour was 8:00 p.m.; the season, summer; the Year 542 A.D. Darkness was on hand, but there was a full moon rising and he could see trees not far away -- oaks and beeches, mostly. Roving the eye of the camera, he saw more trees of the same species. The castle of Yore was safely ensconced in a forest. Satisfied, he turned away.
