Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from **Guide to Practical Work in Elementary Entomology: An Outline for the Use of Students in the Entomological Laboratory of Cornell University** One-fourth of the time assigned to Entomology in the courses in which it is a required study in this University is devoted to lectures. In these lectures the more general questions and the greater number Of the facts which it is deemed desirable to give the students are discussed. The remaining three-fourths of the time is devoted to work in the laboratory and in the field. In this part of the course it is my desire that the students shall learn how to study Entomology. No effort is made to teach the student facts merely as facts; but it is hoped that each one will learn how to ascertain for himself the truths of Nature. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
