## CAREERS IN DIGITAL JOURNALISM (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.ONE OF THE MOST EXCITING NEW CAREERS today is the field of digital journalism. This new breed of professional reporter creates content for online news sites that are accessed through computers and apps on mobile devices. Some digital journalists work for traditional news outlets such as newspapers and television broadcasters, developing new reports or repurposing existing print news stories for online media. Others work for news sites that only exist in cyber space. Some are employed by news aggregation sites, gathering and organizing existing content from across the World Wide Web and presenting the news in a centralized location. Digital journalism combines the writing and editing talents of traditional reporters with the multimedia skills of video photographers and editors, website designers and social media mavens. Digital journalists gather information and create highly visual, interactive news stories that are read and viewed by the general public, and increasingly by subscribers or members of a particular web service. They work with editors and visual creatives to mold their stories into engaging content that relates the facts and voices opinions in an innovative, entertaining fashion to keep visitors returning to the site. Would you make a good digital journalist? Certainly technical training is required, both as a journalist and as an online content creator. Personal traits are also important for success. Are you a clear, concise writer who enjoys the creative process? Do you like solving puzzles - the challenge of digging out the answers to important questions that the people need to know? Are you adept with technology and open to learning new skills in a rapidly-evolving field? Do you have good organizational skills? Do you communicate well in person - a...
